'On all the Falkirk Gateway schools, CMS worked tirelessly to meet the demands of aesthetics, structure, deadlines and budget. The result of which was successful completion of this ambitious project through sheer commitment, determination and hard work.'

Stuart McPherson - Ogilvie Construction

As part of the Falkirk Schools Gateway project, CMS Enviro Systems Ltd were appointed by Ogilvie Construction as main contractor for aluminium curtain walling and window and door systems at the new build St Mungo's High School.

The scope of work for the new school incorporated design, manufacture and installation of an ambitious glazing work package to be completed on budget and within a programmed work period.

The specifications integrated the use of Senior Aluminium System SMR 900 curtain walling, SPW300 windows and SD, SFG door and glazing systems and Hardwood beech timber screens, 'Coolite' Low 'E' glass and Saint Gobain 'stadip silence'.
